

RADCLIFF DEMPSEY- Age: 44

Radcliff, 45, is FM's uncle and the man Forrest has always loved. Radcliff's affair with Forrest spanned before, during, and after Forrest's marriage to his older sister, Malease. With a polished exterior, Radcliff often exudes a tough and no-nonsense attitude. He's direct and unafraid to challenge false perceptions. Radcliff's actions may seem divisive, but they are driven by a mix of regret, longing, and a desire to have children.

FM (Forrest Mitchel Junior) - Age: 24

FM is a complex and troubled individual. His paranoia consumes him, affecting every aspect of his life. He often feels that people are out to get him. He is haunted by mistrust and doubts about the people around him, constantly searching for hidden agendas. As the series progresses, FM's mental state deteriorates, and he becomes increasingly isolated and erratic. FM is also haunted by his father's choices and the impact they have on his perception of himself.

INT. HALLWAY - DAY

FM enters the hallway to discover his uncle standing directly outside the bedroom door.

FM
Uncle Radcliff.

RADCLIFF
(awkwardly interjecting)
Here's the front door.

FM
Yeah. Okay.

RADCLIFF
I was pleasantly surprised to hear that my nephew had come for a visit.

FM
My girl and our two boys.

RADCLIFF
Yeah. And then YOU surprisingly had something negative to say about me to your father, this morning.

FM
I didn't mean it like that.

RADCLIFF
The shit you didn't.

FM
No. No.

RADCLIFF
Let's keep it real, nephew.

FM
I'm sorry.

RADCLIFF
I don't need your apology.

FM
I'm sorry, Uncle Radcliff.

RADCLIFF
(pushing the front door open)
I need you and all your hate to get the
fuck out my house.

FM
(opening his arms)
Uncle Radcliff, I'm sorry.

RADCLIFF
Naw. I'm good.

FM
(grabs his Uncle)
You was always my favorite Uncle.

RADCLIFF
(pulling away from FM)
Imagine where we all would be if you
could have learned to keep your fucking
mouth shut?

FM
Really?

Radcliff pushes the front door open.

RADCLIFF
I'll catch you on the next round.

FM watches Radcliff ascend the stairs.
